## Re: Southside Recycling

Dear Prospective Customer:

We are pleased that you are considering Southside Art Center to service your recycling needs. We are a non-profit, 501(c)-3 corporation employing over fifty people with developmental disabilities. All of the money made from our recycling program is utilized to pay our adults with developmental disabilities and maintain our equipment to provide top, quality services to our customers.

Now a requirement for businesses to recycle 51% of their waste in Sacramento County, recycling can be a fun experience, which helps to save our environment from the affects of overuse. And at Southside Recycling, your recycled paper also can help a person with developmental disabilities begin to pave their own way toward empowering their lives.

We collect several types of recyclables within the greater Sacramento area and are continually expanding. Our teams of one staff and 2-3 adults with developmental disabilities have semi-weekly, weekly, every-other-week, and monthly pick-up time frames. We provide you at free of cost 3 containers that hold approximately 35 pounds of paper (or you can provide your own). **Pick-ups incur a \$39.00 pick-up charge for each pick-up (each time our service comes to your company).** We ask that you separate your paper between white and mixed paper. Please see our "Tips on Recycling" to understand the different kinds of paper and products we recycle.

We can provide off-site shredding for your highly confidential material at \$8/office box of material or call us for large shredding needs at competitive pricing. All other paper material is mulched at our recycling center for confidentiality on all paper collections. We provide special pick-ups for clean-outs and other company needs at competitive pricing. Just give us a call.

For more information please call us at (916) 387-8080 and we would be happy to assist you. Thank you and we look forward to partnering with you in protecting our environment.

Sincerely,

Paul MacFarland  
Recycling Division Director  
(916) 752-5116 cell

Enclosed: Charging Policy, Tips on Recycling, and Receipt of Policies.

---

***Note: Your first 3 containers are free of charge for term of service. Additional containers are \$10 each or you may use your own container for your recycling needs. Confidential material containers are an additional charge – please call regarding these services.***
